Alkaline-based Foaming Cleaner

Description

Liveco™ Maxi Surface is a chlorinated alkaline based foaming cleaner for professional and industrial uses. It is formulated to effectively cut through heavy fat and protein. It also contains Chlorine which helps to sanitise the surface during cleaning.

Key properties

Chlorinated, alkaline based foaming glass cleaner for both cleaning and disinfection.

Application

Liveco™ Maxi Surface is used undiluted through any suitable spray bottle.

Foam Cleaning

1. Minimum recommended dosage - 30mL/L of water.
2. Rinse the surface to be cleaned with water.
3. Apply and allow foam to remain on the surface for at least 10 minutes.
4. Rinse the surface again thoroughly with water.

Features & Benefits

- Highly alkaline and contains Chlorine.
- Effective heavy fat and protein removal.
- Helps prevent build-up of protein film.
- Excellent bleaching efficacy against discolouration by blood and spices.
- Used for both cleaning and disinfection.
- Effective in all water conditions.

Alkaline-based Foaming Cleaning
